

Say hello to Plegium Smart Pepper Spray

Key selling points

Multi-featured defense

Comprehensive protection at your fingertips. With a single push, instantly activate the siren, strobe, pepper spray, marking dye, and emergency alerts. This multifunctional system aids in aiming, draws attention, temporarily blinds, disorients, and marks the attacker, while promptly notifying your loved ones with your exact location.

Smart connectivity for quick help

Defend yourself effectively while simultaneously notifying your contacts and, with the optional subscription, a call center. The alerts are instant, including phone calls and text messages containing your precise position.

Unique maximum strength formula

Superior pepper spray formula with a verified SHU strength through HPLC testing. All sprays provide ample stopping power at 1.33% MC. The addition of highly concentrated red and UV dye marks assailants, aiding in identification for an extended period.

Accessible and practical design

Designed with the user in mind for convenient carry and use. The accompanying free app is intuitive and easy to set up. The magnetic keychain allows for quick one-hand access and the safety top-lid prevents accidental triggering, ensuring readiness when needed.

Quality assurance and free Replacement

Experience uninterrupted security with our quality products, complemented by a free replacement guarantee in case of usage resulting in a police report.

Color options

● Black ● Mint green ● Pink ● Rainbow
